LITTLE FISH  
THEATRE

ORIGINAL. BOLD. COMPELLING.

**WIRED** explores how young people's poor mental health can often result in experimenting with illegal drugs. How trying something 'just once' can turn into an addiction for some, but have very little impact on others. What happens when the cards you've been dealt, mean you are surrounded by drugs and crime? What if you choose to walk the wrong road and can't see a way back?

We thank the young people who gave their personal stories, beliefs and opinions to the charity during the development of this production.

**There is support out there:**

Little Fish supports underserved young people through the transformative power of theatre and community arts. Its work is designed to enable young people to question their aspirations and beliefs, empowering them to develop both their social and personal life skills. Participants are inspired to become cultural consumers or creators, actively shaping a new social & political landscape.
